

# Handling Parts

Bevcorp custom handling equipment and conversion packages are designed and manufactured for most types of fillers, including Crown, H&K, Kronos and Meyer. All Bevcorp fillers and rinsers are available with custom handling equipment and include the excellent quality and attention-to-detail customers have come to expect.

Part carts (with corresponding color coding) assist in storage and organization of parts.

## Advantages of All Bevcorp Handling Parts

- ▶ Emergency replacement parts shipped within 24 hours
- ▶ Lightweight with durable construction
- ▶ Improved bottle handling
- ▶ Color-coded by bottle size

## Traditional Bolt-on Style Available

## Quick Change

Bevcorp quick change handling parts allow decreased changeover time, require no tools and have snap-in locators for repeatable results

## Elevated Base Control

Bevcorp elevated base control handling parts allow you to run different size bottles without having to elevate the bowl or capper, providing greatly reduced changeover time. Elevated base control represents the most cost-effective handling option when running three or more bottle sizes.
