

# Parts

Skillfully manufactured, our aftermarket parts reflect the precision, craftsmanship and expertise of decades of machining experience in engineering specialty parts for application driven, technological, high speed and high usage machinery while saving you 30%-50% over the OEM cost. Our ultimate goal for you is to have a majority of these parts in stock so we can get them to you fast and minimize your down time.

DIVISION OF BEVCORP

## Testimonials

A DIVISION OF BEVCORP

"Your team's knowledge and experience of: Monthly Preventative Maintenance, Employee Double Seam Training and Seamer Rebuild Services has proved to be a valuable asset to not only the company, but our employees as well!"

-Jim H.  
Operations Manager  
Bumble Bee Foods LLC

"Whoever said that cheaper isn't always better, obviously had never heard of East Coast Seamers. I have never seen service reports with this much detail before."

"I look forward to working with East Coast Seamers team in the future."

-David N.  
Technical Manager  
ConAgra Foods

"We have had the pleasure of working with East Coast Seamers for the past 7 years as our sole seamer service provider. We are most pleased with the attention given to preventive care of our seamers. The East Coast Seamers staff has kept us well informed of potential and actual issues we face with the seamers, thru documented audits, photos and meetings with our staff."

"We certainly foresee a continued relationship with East Coast Seamers."

-Deb F.  
Maintenance Purchasing/Planning  
Bumble Bee Seafoods

"They treat us as a true partner and friend. We are very pleased with their excellent service, and have been doing business with East Coast Seamers for over three years now."

"Their expertise, professionalism, and ability to take care of our needs have led to a long lasting partnership."

-Tracy P.  
Production Manager  
Sonoco

"I have nothing but positive things to say about East Coast Seamers."

-Randy M.  
General Mills

"You guys have been great to work with and I really appreciate everything everyone at East Coast Seamers has done to help us out."

-Steve S.  
Shasta Beverages

*Our Mission is to honor our customer's business productivity through world class customer care consistently providing cost effective, top quality and innovative solutions to their can seaming challenges while enhancing the longevity of their long term assets through easy web applications, in person service, training, rebuilds, and high quality parts.*
